

Solutions for Those External to the Insurance Industry

Insurance can be complicated.

We have the experience, knowledge and tools to empower you to make informed choices that are suitable for your particular situation. The list below is a sample of how we can help you:

- Do you own an insurance policy as a **risk management tool** or as an **investment** that sounded like a good idea at the time you were sold it, but now you have questions on whether the product is functioning as you were led to believe when purchased?
- Do you suspect that you or someone you know may be a victim of **insurance or annuity fraud**?
- Are you evaluating adding a **captive** or **micro-captive** to your organization?
- Is your business or organization possibly facing a particular challenge with an **insurance matter**?
- Have you been presented with an opportunity that includes an **insurance feature**, but you are uncertain on whether it makes sense for you?
